

PROJECT TITLE	PERSONAL ASSISTANT FOR SENIORS WHO ARE SELF RELIANT
TEAM ID	PNT2022TMID43222

CREATE A DATABASE IN CLOUDANT DB

TEAM LEAD – SINDHIYA K

The screenshot displays the Cloudant Dashboard interface. At the top, there's a navigation bar with a 'Databases' tab selected. Below this, a table lists the databases. The table has columns for 'Name', 'Size', '# of Docs', 'Partitioned', and 'Actions'. A single database, 'medicine_reminder_system', is listed with a size of '0 bytes', '0' documents, and is not partitioned. The 'Actions' column for this database shows icons for adding, deleting, and locking. At the bottom of the dashboard, it indicates 'Showing 1-1 of 1 databases' and 'Databases per page 20'.

Name	Size	# of Docs	Partitioned	Actions
medicine_reminder_system	0 bytes	0	No	[Add] [Delete] [Lock]
